# Start of the PM4 Learning Program in Brazil and Latin America

## Start of the PM4 Learning Program Brazil and Latin America

- Successful start of the PM4 Learning Program in Brazil (Sao Paulo), June 2005
- Supervision of the PM4 pilot in Sao Paulo by colleagues of Learning Campus
- The cooperation of the involved colleagues of Shared Services Latin America (SSLA), Werner-von-Siemens Academy (WvS) and the Learning Campus (LC) was very effective and successful
- 21 highly motivated participants from all over the country took part
- The concept was adapted to local needs
- Further PM4 Learning programs will start the next months
- PM4 Latin America supports the regionalisation of the Siemens-Unicef-Partnership
